YOU MAY HAVE NOTICED: Church BOILER WORK BEING DONE

Extensive work is being done for delayed maintenance and repair on the heating system:

- 6 of the 9 fan units on the main floor were not working
- Water within the system had turned acidic & corroded the valves preventing flow of heated water to the radiators
- Entire system needed to be flushed
- The radiators were working at only 60% making them less efficient
- Valves need to be replaced or re-soldered
- Properly treated water needed to be put into the system to prevent corrosion in the future

The council has hired Midwest Mechanical out of Spencer to make these repairs. The cost is estimated at least \$20,000. At this time the council approved using money from St. Mary's Building Improvement Fund. The current balance of that fund is \$77,404.91. Please contribute regularly using the monthly "Capital Improvements" envelope to allow us to continue to maintain or improve our facilities

TODAY IS WORLD MISSION SUNDAY. We celebrate this day by remembering our baptismal call - to bring the Gospel to all! The collection today for the Society for the Propagation of the Faith ensures the work and service of the Mission Church, as it supports priests, religious and lay leaders who offer the Lord's mercy and concrete help to the most vulnerable communities in the Pope's missions. Thank you for your generosity.

RISING ABOVE

A plague presents an existential crisis for each of us. But it also presents an opportunity to learn anew, or for the first time, that our destinies are inextricably intertwined and that it is precisely this reality that calls us into being, that calls us out of darkness into light.
